

Academy of Applied Sciences

The National Association of Secondary School Principals has placed the JSHS program on the NASSP National Advisory List of Contests and Activities for 2009-2010

October 2009

Dear Educator,

We would like to invite you and your students to the 46th annual Junior Science and Humanities Symposium, to take place on March 25 and 26, 2010 at the McGregor Conference Center at Wayne State University in Detroit. Many of you have participated in the past and have become an integral part of the Southeastern Michigan JSHS. Newcomers to the program are always welcome. Remember, students do not have to write or present a research paper to attend. However, those who have done research are encouraged to write and submit a research paper. Of those who are chosen to present, five will be invited to the 48th National Symposium. The two finalists at the local level receive a scholarship and the potential to receive a \$16,000 scholarship at the National JSHS.

All student participants and educators are invited to be our guests for the student presentations, Dinner Banquet and guest speaker on Thursday evening, Luncheon on Friday, and participate in the Campus Tour and Humanities Interlude. The forms that need to be returned are part of this web site. The dates need to be honored. Feel free to duplicate the forms and distribute them to the students who wish to participate in the Symposium. Copies of the forms may be downloaded from the Internet at: <http://www.coe.wayne.edu/ted/JSHS/>

Please reply by January 15, 2010, so that there is sufficient time to plan and create the Program. Remember to reserve March 25 and 26, 2010 for the 46th Annual Regional JSHS. Should you have any questions please call Ms. Margaret Hoard at 313-577-1615.

Sincerely,

Dr. Maria M. Ferreira, Director
Southeastern Michigan JSHS
